

The Leadership team for this camp is as follows:

Ian Mitchell - Camp Leader: with many years experience as a Scout Leader and a Mountain guide Ian is perfectly placed to lead an expedition of this type, to such a location. Ian will have overall responsibility for the smooth running of the week long camp, ensuring the Scouts happiness and well being.

Ian Mitchell - Activities Coordinator: Ian's success at organising the activities at several Camps is perfectly placed for this role. Ian will be responsible for ensuring that the activities are booked (if required) and that the Scouts know where they need to be and are ready for each activity on time. Ian will be supported by ??.

Paul Richards - Safety, health & hygiene and First Aid Officer: Paul is responsible for the general well being of the team, including the leaders. In the unlikely and unfortunate event of an accident, Paul will be responsible for liaising with any local Doctors/Hospitals. Paul will also be responsible for ensuring any Scouts with medication take them as prescribed.

?? - Chef & Food: ?? is responsible for ensuring that food is provided at meal times (either by the centre for main meals, or by buying local produce for breakfast and lunch) and for managing the duty patrol, who will be responsible for cleaning up after meals. ?? will be supported by Claire and

Young Leaders - Media Manager: The Young Leaders will be responsible for ensuring that the whole week is recorded, using photos and videos. Whilst at camp they will run the camp blog that will allow parents to track what is going on on a daily basis. Upon our return, they will be producing a DVD of the weeks events for parents.

Additionally each leader will be assigned a group of 4-6 Scouts to manage whilst off site on activities. This means that no one person is responsible for looking after a big group of Scouts. Using this approach makes it easier to manage the Scouts, ensure their safety and has minimal impact on services we use (for example security at the airport).
