Camp scarfs will be red rolled into the 5th Billericay group scarf. The group yellow scarf sits on top of the red scarf when rolled (top tip: iron the scarfs flat first, then lay the yellow one on the ironing board, place the red on on top centred horizontally and lowered by an inch vertically[yellow one sticking out at the top], roll the yellow one over and iron in place, now roll along the edge of the yellow scarf and iron, repeat until near the bottom).
