

Parents / carers are always encouraged to become involved with the sections or group, Sharing a skill with some of the young people, fund raising, taking an active role with the management of the group, through the executive committee or indeed taking out a warrant and becoming a section leader or helper.

If you feel you could contribute anything to this successful and very popular group or would like some additional information please speak to either your section leader or the Group Scout Leader. Alternatively Look at the Leader Vacancies posted [here](#) for more information on roles within the Group.

As parents of Scouts we would appreciate your help in some small but significant ways, as follows:

- Get them here, or to camp on time
- Equally pick them up on time, we do have homes of our own to go to
- Ensure they are in proper uniform (Shirt & scarf ironed, Scout trousers, black shoes. 5th Billericay polo shirt for the summer.)
- Use the car park with consideration
- Help them stick to their promise and laws outside scouts
- Look at the Activity badges ( [scoutbase](#) ) they can do and help them provide the evidence
- Help where possible, even for a couple of hours. It makes a big difference to us.

As we are total volunteers, we thank you for your help and support.
